**Links:** This website contains links to other sites. Please be aware that we are not responsible for the content or privacy practices of such other sites. We encourage our users to be aware when they leave our site and to read the privacy statements of any other site that collects personally identifiable information.

**Your Access to and Control Over Information:** You may opt-out of any future contacts from us at any time. Note that some changes in your account profile may result in interruption or termination of services and/or access to CompQuantum.com.

**Security:** We take precautions to protect your information. Information submitted via the website is never shared with any other person or entity unless and only to the extent required by law. Wherever we collect sensitive information (such as credit card data), that information is encrypted and securely transmitted to the site.

Neither CompQuantum.com nor InCode Research, L.L.C. ever receives or transmits your credit card information. That information is transmitted automatically through the payment portal to our PCI DSS validated third-party service provider. CompQuantum.com is PCI SAQ A compliant. Go to [www.pcisecuritystandards.org/documents/Understanding\\_SAQs\\_PCI\\_DSS\\_v3.pdf](http://www.pcisecuritystandards.org/documents/Understanding_SAQs_PCI_DSS_v3.pdf) for details.

Users have the ability to save information in a case library, including notes/comments regarding saved cases. Each user's case library is saved in a directory associated with that user. No one lacking administrator privileges on the CompQuantum.com server has access to anything saved in a case library other than his/her own. No person or entity outside of CompQuantum.com has administrator access to our server. CompQuantum.com server administrators do not and will not access information stored in user directories unless and only to the extent required by law. It is not CompQuantum.com's or InCode Research, L.L.C.'s intent or expectation that any information stored in a case library was provided for our access, or was in any way communicated to us. However, we make no representations as to whether storage of information in a case library compromises any privilege claimed by subscribers and/or their clients.

**Updates:** Our Privacy Policy may change from time to time. Updates will be posted on this page.
